

JESSE STEIN MUST STAND COURT TRIAL

Arrested in Denver for Sheriff Sharp To Answer to Alleged Shortage in His Accounts.

Jesse M. Stein, formerly agent for Rothenberg and Schloss, cigar manufacturers of Baltimore, Md., who disappeared from this city several months ago, leaving his accounts in every badly muddled condition, was arrested in Denver Wednesday night by Sheriff J. E. Nesbitt of Arapahoe county, on charges furnished by Sheriff Sharp. Stein is wanted for embezzlement of funds belonging to his employer and is being held in Denver as a fugitive from justice.

According to the information filed against him, Stein last summer traveled a part which was high, wide and handsome. He was an habitue of the race track at the summer meet and played a system which did not work out right. He was also addicted, it is said, to the use of the wine when it was red and was very popular among certain female circles. All in all his former employers charge him with collecting something over \$4,000 which has not been accounted for. The specific charge alleges the embezzlement of \$140.

Stein was a resident of Salt Lake for over a year, coming to this city from some point in the east. He furnished a bond for \$5,000 which was underwritten by the United States Fidelity & Casualty company. The detectives of this company located him in Denver, and he was arrested, upon their request, through Sheriff Sharp's offices. He will be brought back to this city for trial as soon as the necessary legal procedures have been gone through.

PHENIX SOLVENT.

Gov. William Spry received a telegram Thursday stating that the Phenix Insurance company is solvent and that there is no cause of anxiety on the part of the policyholders in this part of the country. The president's accounts only show a shortage of about \$100,000. The telegram was sent by A. M. Best company, one of the best insurance news publications in the country.

DEATH OF WM. T. GULICK.

He is survived by a widow, but no children. About two weeks ago Mr. and Mrs. Gulick went to the coast, where they intended to reside permanently. At the time of their departure Mr. Gulick was apparently in normal health. Gulick's former home was in New Jersey. Local Masons have been notified and will arrange for the funeral.

IS DIVORCE DUE TO STOMACH ILLS?

Easterner Says Bad Mental Poise Is Result of Dyspepsia.

CAUSE OF SNAPPY TEMPER

"My Treatment Makes Gloom Give Way to Smiles," Is His Assertion.

Is the growing menace of divorce partly due to the increasing ravages of dyspepsia? Such a conclusion might be drawn from the theory advanced yesterday by the Cooper "stomach man," whose remarkable ideas have been causing much discussion. "I am every day becoming more firmly convinced," he said, when interviewed, "that more domestic unhappiness is caused by that miserable feeling called 'a little out of sorts' than by any other one cause. The nerves are irritable, everything looks blue, a naturally good tempered person becomes snappy, cross and hard to get along with. No one who is feeling thoroughly well will be peevish and irritable without cause. In nine cases out of ten a bad temper is caused by ill health. At 95 per cent of the disease is caused by a stomach out of order. Tame up the stomach, get the food to digesting properly, the blood properly nourished, the nerves in order, and the irritable, quarrelsome disposition will vanish as if by magic. When one is full of exuberant good health, everything looks rosy."

"In meeting the thousands of people who have interviewed me here I have been struck by the difference in their facial expression which my treatment makes. Simply toning up the stomach and giving nature a chance to work the poison out of the system changes a peevish, discontented expression to a good-natured, wholesome one."

One of those who called at Smith's "Busy Corner" drug store, Main and Second South streets, where Cooper is making his headquarters, was Archie V. Daniels, a carpenter, living in Oakland avenue, south on State street. He said:

"I was the victim of stomach trouble in its worst form, and suffered agonies from gas on the stomach and constipation for ten years. Many physicians treated me without relief, and I had spent \$500 in trying to regain my health when I decided to investigate the Cooper treatment. It has helped me already more than anything I have ever before taken, although I have taken the Cooper medicine for barely a week. The treatment was also taken by my wife, and it has relieved her of intestinal indigestion. In fact, the treatment has done us both a world of good."
